Pastors/Leaders Reception 2:00 – 4:00 PM**

Cindy Jacobs

It's such an honor to be here.

It's interesting because this is actually the third conference that we have done with Chuck in about a week's period of time. I'll tell you the water is increasing. And I don't know how many of you saw the December 31st service (SYOR) but Chuck was very wild. I was just following him. Well sort of.

Can you feel that the climate is changing? And so I think with this massive shift that happened in Massachusetts . . . our prayer network prayed their little hearts out. They were burning up the emails. So, I'm very proud.

In God's purposes, here we are. You think God knows what He is doing? I mean, we didn't pick this because this was just right after that (Massachusetts) election. But God picked this time. And so it was very very important to have this gathering.

Mike has something to say and then I'll come back - and then Chuck's going to do whatever he wants to do. In fact, it's very interesting. Some of you know that Chuck lead the prayer network for seven years. We founded it, and then he took it, and he mobilized the intercessors all over the nation. Then the same night that God told him to lay it down, God had spoken to me to pick it up again. I mean, is that easy? When you're family, you just kind of flow. The great thing is, as you will see tonight, as he prophecies, we are implementers. He is too. But for the prayer network, we are praying through some of the prophetic words that he has given. And praying through some of the things that have happened in the past with both Dutch and Chuck. So we are pulling together massively by the Spirit, a lot of threads, because we are going to change this nation to become a city set on a hill once again. We are very serious about that.

We have some major leaders in the house that I would like to honor. First, Pastor Mike Smith, stand please. Let's thank God for Redeeming Love. Thank you for hosting and opening the door.

Then we also have Paul Anderson, another major leader in the area. We love you.

Alan Langstaff. We want to honor you and your wife.

We also have Barb White here this afternoon who is running for Keith Ellingson's seat in Congress.

The water level is rising. I can feel it. You guys used to be so quiet up here. The Janteloven is dead. It is dead.

Oh here is Pastor Mike. Let's thank God for him. And thank God for my sister, Lucy Riethmiller. And Karen Krueger and all the team with the Prayer Network here. We thank you all. And we love the Canadians. We thank God for you. And the Norwegians. Jan-Auge and Aina. We're so glad you're here. We've been in Norway with them.

Mike Jacobs

I think that most of you realize that when you decide to have an event and you schedule it. You think you're doing it for one thing but God always knows why you're really having it on that particular date. And we've see God doing a lot of hijacking services recently. If you're pastors, don't be surprised if God doesn't just decide that it's His church more than your church. And the Holy Spirit might just decide to say, Well we're going to move this a different direction than you were planning.

I want to lay out a couple of brief points here. I may flush these out a little more on Saturday morning. This is Awake Minnesota. We are in an awakening. There are some people who believe that the happenings in Kansas City that began on November 11th, where there is a real move of God, just happened to coincide on November 11th when the Pilgrims landed and dedicated the land to God made covenant with God.

This is a season when we're seeing a war over who will rule the land. There is a war over who will rule the land. It's a sober time because what we're seeing is that it's a time in which God Himself is going to step in and He's going to begin to judge and punish those who resist the rule of God.

We don't want to be on that side of the fence. We want to be on the side of God and not complacent.

But it's interesting that this year Chuck and their church come out with fragrances. I don't know if you're aware that there is a fragrance that they have to put out. I'll let Chuck talk a little about that.

This is the fragrance of anointing oil and it's the anointing oil that is related to the seer anointing but it is the fragrance of the almond.

Now here is what you need to understand or what I want to share with you briefly. If you look in Adam Clarke's commentary, you know there are two basic times when you see the almond branch mentioned in the Bible. It's always in a time of this war over who is going to rule. In the time of Israel, the twelve tribes were fighting among each other and

they took the twelve branches and the one that budded was almond. Okay. It blossomed and brought forth fruit to show who was to rule in that sense.

Then we know in Jeremiah the branch of the almond had to do with a time in which God was getting ready to judge nations and that's part of the whole ministry of Jeremiah in the earth realm. Had to deal with this time of God stepping in to deal with nations who refused His rule.

So that's the season we're in. So what is so important about the rod of the almond tree? Well here is something that is interesting that I found as it relates to why we're gathered here. The Hebrew word for that means to be ready, to hasten, to watch for an opportunity to do a thing, to awaken. So here we are at Awake Minnesota. This is the season we're in and this is the time where you need to have on you the fragrance of the almond. Not necessarily the anointing oil, although Chuck can speak that, but I'll tell you one thing, we anointed people with it in Phoenix, and I believe you did that in Las Vegas, because you want them to go with whatever fragrance God is doing in the earth realm. You want to be involved in that and it's a time when God is going to begin a shift. I think we've been having a lot lead up to this time.

And by the way, the almond tree blossoms in January. Isn't it interesting that we're here in January. It blossoms in Israel. It is the first tree to blossom and here's the thing. In March, it brings forth it's fruit. So between now and March watch for tremendous shifts. Chuck, I'm sure will prophecy into that a lot more. God's rule, the almond, the branch of the almond establishes it's rule and brings forth it's fruit before other trees even blossom. That's very important. So God's doing something. It's time of suddenlies. It's going to be really exciting in this time so with that I'll hand it back to Cindy. We'll talk maybe a little more about this on Saturday morning.

Cindy Jacobs

Well, Hallelujah. That's a lot of revelation.

And the Lord says, I am going to give Minnesota the almond rod, The rod that will blossom. The Lord says, watch and see what I am going to do. For I am going to put a rod of authority, a governmental rod, in your hand and I am going to use you to help change things in this nation. Watch and see what I will do, says God. For the Lord says, It is a season of change. It is a season of transitions, says the Lord. And I am getting ready to change everything.

Do you want to say anything to that Chuck?

Chuck Pierce

And I would say to you, this will be the time where you sit at the division of a nation. For I have put you here saith the Lord to determine which way a nation will blossom. I say watch the eyes begin to shift towards Minnesota now. Watch how I'm shifting and watch how you begin to guard a nation, rearrange your government and set a new government in place. You will be the dividing rod of this land, saith the Lord.

Cindy Jacobs

Come on. Shout about that. Hallelujah. You know I've been in Minnesota many times but I've never felt the open heaven like I feel this time. Can you tell? I mean, it is like that...Dutch teaches on the epipeotso (this isn't how you spell that word), the overshadowing of God in creation. You can feel this is an opportunity. This is a gate. This is a strategic kairos moment. Where.... Can you imagine? I mean. God is allowing you to help turn a nation. I mean, it is pretty phenomenal. It is pretty phenomenal.

And the Lord would say, There is even a civilization jihad at your door. And many are asleep and do not understand what Islam is trying to do. But I would say, Minnesota, I am giving you the opportunity to turn the nation. You can turn the tide. And the Lord says, I'm getting ready to expose, expose, expose. Things are going to be exposed governmentally that have been planned. And I will even pull up that Mafia root of corruption, says God. And I'm getting ready to expose those roots that are written. And I am going to put in a fresh planting of the law that is going to bring great harvest, says God.

Wow, Wow. Do you have anything to say to that Chuck? Are you sure?

You know we in the United States Reformation Prayer Network. We have been working diligently to have a year of fasting and prayer for the United States. I don't know how many of you will be able to be here tonight so I want to share a little bit about it with you. We are calling it ROOT 52.

We have a highway similar... Remember when we did the I35 and you all participated here at this church. But it is R-O-O-T. ROOT 52. There's 52 weeks in a year. One of our prayer leaders actually from California called me during the holidays and said. God has given me a whole download of a plan of a year of prayer. She had the beginning pieces of it. We began to work over the holidays. As many of you do in administration, you know how much time it takes to pull off a national initiative.....

This is the third week of it. The first two weeks were for the federal government. We prayed very diligently and then after that. What we are doing is every week we are praying over the state as they came into the Union using the state constitution, the preambles to the constitution, which honor God. So we are decreeing a shift back to the roots. Do you understand this? And then Chuck had a prophecy about covenant roots and so we are taking the words that he gave and then we are using them to establish a covenant with God in every state.

So we passed the torch to Delaware last Friday. This is Delaware's week. Delaware was the first state brought into the Union. And there is actually a highway called Highway 52. It's very interesting, in Delaware. Then after that. It's interesting how God starts revealing things. There is a road called the mother road. It's 50. and it goes all across the United States. Jim Chosa wrote me and said, We have discerned that this is a major line of occult power. This whole Route 50 and he just listed off what they were. So we got that out. We have what Chuck prophesied. and then what Chuck and Dutch gave in the Prophetic Destiny of the Nation when they went to every state and prophesied. We are sending that out in a file. So this week is Delaware and then tomorrow we pass the torch to Pennsylvania.

And so this way we are actually able to clean up our history in a remarkable way in one year. In roots of anti-Semitism, Freemasonry. We have a guy Bill Sudduth, who is a Free Mason specialist. He works with Peter Wagner. He's going to be going state by state by state. He's going to make sure ugh.....Anti-Semitism anything we happen to do. Anti-Semitism against Israel or whatever but also that had to do with racism. And so we are going to deal with those roots of racism.

And another thing, the Holy Spirit has just been illuminating is these Mafia roots. In fact, when I was in Las Vegas, I was telling them the reason you can't advance in this city, the church, is because of the Mafia roots. And so, if you will deal with that issue, God is going to be able to heal.

I happened to go into a restaurant in Dallas called Campisi's and it was part of the Campisi's family. Jack Ruby was there right before he assassinated Lee Harvey Oswald. The Campisi family and all these families work together all the way back to the Kennedy administration.

But we are getting ready to do that.

Show me the book that you just had, Lucy. John Dillinger Slept Here: A Crook's Tour of Crime and Corruption in St. Paul by Paul Maccabee. The Gangster Tour

Well, we have to clean that up. That is the root of corruption that holds up the whole corruption in the political system So we are going to deal with this state by state and the interconnected that also props up the Chicago machine. It's really gone underground into a lot of money laundering and things like that. But we are going to begin to make some massive shifts.

And so this is a great project but the good thing is we're going to have a picture by the end of the year, because we are connecting these people together. We're going to be able to see that web of deceit and lies. You see what I'm saying.

And then we can clean up. There has been a lot of reconciliation prayers whatever but there are still some things that have happened, injustices, the Native American, or things that happened during the Civil Rights movement. We're going to start cleaning this up. We're going to have America racist free zone, anti-Semitic free zone. There's a lot of things that happened to Jews in America. I know in the 60's for instance, they couldn't join the country clubs in Phoenix, Arizona.

There's a lot of things. We still have homework to do. We've been at this for a long time. But it is a year to do this.

I wrote a proclamation of repentance. I'm going to read this to you really quickly. I just want to say that Minnesota is key and I want to refer to a prophetic word I gave here also. This is a proclamation of a year of repentance, fasting and prayer.

This is why we are having people sign to proclaim a year of prayer and fasting for America.

**Proclamation of a Year of Repentance, Fasting and Prayer
To Call the United States back to Her Christian Roots
During the Year of Our Lord 2010**

Whereas, the Senate of the United States, has, aforesaid issued National Proclamations of Prayer and Fasting where it devoutly recognized the Supreme Authority and Just Government of Almighty God, in all the affairs of men and of nations; we the united believers in the Lord Jesus Christ do declare and decree that we are one nation under God.

And, whereas, following the example and precedent of President Abraham Lincoln before us, we concur that it is the duty of nations as well as men, to own their dependence upon the overruling power of God and that, as a people, we need to confess our sins and transgressions against the most Holy God and recognize the sublime truth, announced in the Holy Scriptures, that those nations only are blessed whose God is the Lord.

And, insomuch as we know that, by His divine law, nations like individuals, are subjected to punishments and chastisements in this world, may we not fear that we are justly

deserving of punishment for our presumptuous sins to the needful end of our national reformation as a whole People? We have been recipients of the choicest bounties of Heaven. We have been preserved, these many years, in peace and prosperity. We have grown in numbers, wealth and power, as no other nation has ever grown. But we have forgotten God. We have forgotten the gracious hand which preserved us in peace, and multiplied and enriched and strengthened us; and we have vainly imagined, in the deceitfulness of our hearts, that all these blessings were produced by some superior wisdom and virtue of our own. Intoxicated with unbroken success, we have become too self-sufficient to feel the necessity of redeeming and preserving grace, too proud to pray to the God that made us!

We have committed the sin of abortion and thus the killing of at least 54 million unborn children. We have committed the sin of buying and selling other humans for our own self-serving purposes and greed. We have bowed at the altar of humanism and condoned erasing Your Name from our nation's textbooks and schoolrooms. We have sinned against You and the nations of the world through making films that have glorified what is sinful and shameful in Your eyes. We have called good evil and evil good. All these things we have done and transgressed against Your Holy Name.

Therefore, it behooves us to humble ourselves before the offended Power, to confess our national sins, and to pray for clemency and forgiveness. We, as Christian leaders in the Body of Christ in the United States of America, do call for a year of humiliation, fasting and prayer to turn the nation back to God.

We do this in sincerity and truth with the hope authorized by the Divine teachings, that the united cry of the believers of the Nation will be heard on high, and answered with blessings, no less than the pardon of our national sins, and the restoration of our now economically and morally divided nation. We cry out for no less than the pardon of our national sins, and the restoration of our land back to its former state as one Nation under God, the Lord Jesus Christ. We pray that You will have mercy upon us as believers who are crying under the imminent threat of religious persecution. God give us elected leaders whose hearts are after You to return the nation back to the vision our forebearers had when they fled religious persecution to establish a new dwelling place for freedom and establish the United States of America as a city set upon a hill that is a beacon of light and freedom for all.

Written and Compiled using the 1863 Proclamation from Abraham Lincoln calling for a National Day of Prayer and Fasting.

Can you say Amen? And that is our heart. **And I want to tell you, it has begun. It has begun. We are in it.**

Now it's time for Minnesota to hit the ball out of the park. We are counting upon you Minnesota. And I want to say also to you, This week, Sunday and Monday, I

went to Houston, Texas. I joined the new civil rights movement rally. The Call to Conscience. Within about three weeks, 10,000 people rallied to march upon the largest abortion clinic in the Western Hemisphere. Six stories high, One story given to partial birth abortion. It is planted right in a Black and Latino neighborhood. We showed up red, yellow, brown, black and white. We marched. We sang, We shall overcome. That God would make a way. And our major Latino leader stood up and said, "Not on our watch is this going to happen in our neighborhoods. This is racial genocide. There will not be any racial profiling of our unborn children. Bishop Harry Jackson stood up and he made a stand. I want to tell you something. If we look and see what has happened and if you are in the Black community, this should make you furious. You should be a voice. Listen, the African Americans are the only minority that are decreasing in numbers. Because the largest percentage of babies that are aborted are from our black community. And I don't know about you but that really makes me mad. And I feel there is a cry for justice that must come from this land and say we will protect the rights of the unborn child. It's a new civil rights movement. The rights of the unborn child. No matter their race or their gender.

Trent Franks from Arizona is introducing a new bill into the House and that is the exact wording of his bill that said, "An unborn child can not be discriminated upon because of their race or gender." Hillary Clinton is supporting it. If this bill passes, it will give personhood to the unborn child. So we know that we are in for a shift. I want to tell you, you need to get on the wall. If there is any apathy, anything that would try to divert you in 2010 from your job as leaders to be a voice to shift the nation, you need to wake up.

I tell you our friend Jim Garlow is standing on the wall. You might know that Jim Garlow helped lead the fight for Proposition 8. They're in court. He is being subpoenaed as a witness. So many hate crimes have happened against the pastors of California. I don't know if you've heard, page after page after page of hate crimes have happened against those leaders. He mobilized 4000 pastors to stand for marriage.

Bishop Harry Jackson has also filed a case in Washington, D.C. because the Washington, D.C. city council voted for same sex marriage. If it passes, the Congress which.... there is a 30 day cooling off period. If it passes, there will be reciprocity to all 50 states for same sex marriage in our nation's capital. And so Harry has filed a lawsuit against the city council calling for a popular vote. And the predominately African American community in Washington, D.C. and the churches of Washington, D.C. are furious at that city council. So we have got to pray. This is put up or shut up time. We don't have months. We have days. Amen. Get on the wall.

Okay Chuck, it's your turn.

Mike Jacobs

It just so happens that if you Google it. The eastern terminating point of US 50 is Annapolis, Maryland on Church Circle. How many of you remember Roots? Annapolis, the dock there where the Blacks were bought and sold. Okay. This has a lot more prophetic significance. The western terminus is San Francisco where the warfare is so intense socially. So this is a Holy Ghost setup. You know for ROOT 52.

Cindy Jacobs

Some of you might not be able to be here tonight. Some of you might hear a little bit but not all again. Let me tell you, I wrote a whole book, Reformation Manifesto, and this links with some of Chuck's books prophetically. But this tells how to change a whole nation. I want to tell you this book, on how to disciple nations, how to eradicate systemic poverty, the Biblical roots of law and justice. So starting a whole reformation movement across Latin America, all of Asia, all these places that never had a Protestant Reformation. It is shaking up the nations of the world. **You are the land of reformation up here. You get this? You are called to be reformers. I want to tell you something Minnesota. Don't mess up! Okay? You can't mess up. We have to be on the wall. Amen! I know you well.**

Chuck Pierce

You know I began to hear something when Cindy was speaking. So, I'm going to ask the Lord to form that word so it is in full tonight or maybe before we end here today.

It's always good to be back here with you. I agree fully with what Cindy is saying. There is a totally different atmosphere in what God is doing here. This seems like a new beginning like never before here. The Spirit of God is moving greatly.

Let me just go back for a moment and remind you of things that the Lord has brought us through here.

First of all, the Lord said this was the threshing floor state. That means, the threshing floor was a hard place but it was where they would bring the harvest in and do the separation. So you must understand that you are a state that separates out things. That's the first thing. So when things are coming in and when things are changing, you are

going to be separating out the wheat and the tares. Now right there I see that. I see something God was saying.

The Lord says, in this nation there will be a dissolving of parties. I will begin to do such a work that pits parties against each other that they will begin to dissolve. And there will be a new independent grassroots movement that rises up in days ahead. And I say, from Minnesota, you will be leading in the grassroot change of a nation.

Wow.

Now, so you know we have had awesome meetings up here. We have seen the Lord really move forward in a lot of areas up here. A lot of changes that have come, but in 2007, in August of 2007. You know that we pray every week and we let the Spirit of God focus and we will be connecting in with the states with what Cindy's doing but in 2007 a couple of things happened.

I knew that we were heading into a new season. I knew I had to shift to move into a greater prophetic dimension that God was calling me into. And that the prayer movement, for how we had lead it, and remember I've been a part of the prayer movement since the early 80's, praying into the Soviet Bloc countries and moving and connecting with Mike and Cindy. Then Cindy connecting me with Peter and being a part of all that movement. Through all those years and all the nations that we prayed in. Including this nation. But I knew something had to shift and the way for it to shift was for me to let go of the seven years that I had lead any of the prayer movement and then allow the Spirit of God to take it and move it forward.

And so when Cindy immediately, when God said this is the time, it was in Sept 2008, 2007. I knew that and Cindy had told her the same thing to move forward. So we began a new adventure.

Now, here's the thing I want us to understand. Starting at that time, we entered into our first year of transition. And I'm not just talking about the prayer movement. The whole body of Christ went into a 3 ½ year transitional period.

I don't use transition real loosely, because I don't think we live in transition. You don't want to live your life transitionally. You want to move into transition.

From September 2007 to 2008, we were in a transition of becoming new. Figuring out where we had been, what we're doing, becoming new.

September 2008 through 2009 and this will apply to your life personally as well. We were in transition of developing and bringing to birth what needed to be brought to birth.

But now we are in the last year of a transition which this year we start crossing over around April and start moving in to really who we are for the future.

So what Cindy is saying to us right here is, now we can shift and watch a nation start shifting. We can shift and watch nations start realigning. We can shift and watch things start happening because we have endured the changes God is bringing us. And now what He will do is bring us into an acceleration that He longs to see. That's why, going into this year, it's very important the order of where God is leading us as we move in and move forward.

Now Cindy mentioned the Reformation Manifesto, which is one of those must books you have and then it goes along with God's Unfolding Battle Plan. This would be the prophetic aspect of where we are going up probably through 2016 and then if you read Reformation you're going to see the apostolic thrust that we have to do to get into what God is saying.

As so that becomes very very important for us.

Now, something happened with us in prayer in August 2007. God called us to intercede for Minnesota. We have the record of it at Glory because. You know we are an intercessory group. We are praying for nations. We're praying for states. We're praying as the Spirit of God is directing us but He directed us to start praying for Minnesota. And in that knowing that changes we were going to go into and I personally was going to go into, in September 2007. I felt like He was saying, You keep watching Minnesota very carefully because that is going to be one of the key models when you start moving out of transition.

Now hear what I'm saying to you. That means April of this year. So you're going to start seeing a lot of changes. You're going to see a lot of rearranging. You're going to start seeing the church life of this region, where you have been predominately traditional Lutheran, out of that Lutheran group, you're going to see a whole new move of the Spirit coming. Which won't be linked back into the tradition. It's going to be breaking loose, moving forward, but you don't leave your roots. He takes the old. He brings it into the new and then He moves us forward and accelerates. There will be a great new move of the Spirit that starts breaking loose with new leaders that are breaking loose that move of the Spirit.

Now, so in 2008, that began in 2007, and then as we would continue periodically praying in February 2008, Robert Heidler, who ministers with me. They had lived in Minnesota and he was Lutheran. His family was Lutheran. His dad was a Lutheran pastor. He came to the prayer meeting and he had a dream. In the dream, he was asked to play a

song that had been posted on the wall. The cords were from A to G and when he started to play it in his dream he started singing, "Minnesota is rising" and he woke up. He said, what does that mean? I said, it means that God is going to, during this time, now that was the next year, God is going to start bringing the sound into Minnesota so Minnesota starts rising and a new glory starts falling in this whole region.

Now when we're talking about Minnesota, if you came here from another state, if you came here from another nation, you came here because you will wear back whatever is released here. See. And you will just be able to wear it back into your territory. So Minnesota becomes very important. Now what I will do tonight, after Cindy shares, I will show what God showed me Minnesota looked like when He caught me up in the heavens on May 31st and showed me what each state looks like. So I'll have that overhead for us. I feel like that's my role when I'm going now. It's not like going to all 50 states. I'm going to the states as God orders the perfect time.

I think this will be my 18th state that I've gone to and to show them what they look like. You were very very interesting. We'll see that tonight. I don't know what else to say. You were real—There wasn't anybody else that looked quite like you. You had a mixed look about you. So it's real good. It will encourage you.

Las Vegas....(didn't do this little part)

What has been so good in this shift in this prayer movement and not just the prayer movement. It's like it's an apostolic, prophetic push that now we are all in place doing. So that we can get into the next level that God has for us.

Now with that, let me share a couple of things with you just to give you an idea of how to move forward. Mike started off with Jeremiah, let me end by sharing with you a pattern from Jeremiah as we move forward here because I think it is very important that we have entered a whole season of seeing. Now because we have done that, it's real important that we understand how to see.

Now my wife and I have a brand new book that I want to encourage you. Certain books you need going into the year ahead. This one is called [The Rewards of Simplicity](#). It is probably one of the best books you could read to help you. It's not about cleaning out closets, it's about getting your vision in order for your future. She writes about the three aspects of vision. God came to her in a dream and told her, gave her a gift. The gift on it had the word simplicity. When she woke up, He said, I'll give you revelation over how to help My people. She goes through the three areas, faith, focus and function. Now this is very important for us because we must shift from function back to faith. Then we'll flow in

and we'll bring great reformation. Instead of just trying to change things, we're watching God order us in a new faith.

Now that's what I've seen in this prayer movement shift. We've really watched the Lord bring a new faith into the way that we are praying. That becomes very very important as we move forward in this season because the prayer of faith is going to break things through and I'll show you some while I'm here how we will set the course of the heavens while we're here so that we start seeing the changes immediately.

Cindy mentioned that at Starting the Year Off Right on December 31st, when the Spirit of God fell and she was up speaking, she was very wild and I followed her. She was up there speaking. Cindy and Mike and I have been ministering together for 20 years. That was the first time in our ministry I've ever heard her speak in tongues from the pulpit. It was really interesting. Well what I did, I don't hear tongues. I interpret tongues. So it's a gift. you don't hear tongues, you just hear words. It doesn't matter if I'm in Spain. It doesn't matter what language it's in. That is a gift that you hear to interpret and so the first word she gave said, watch the roads will begin to buckle. I mean the first tongue she gave. My job is to just say what is being said up there. So all these shaking in the nation had nothing to do with me. I'm going to tell you what. We are about to see the greatest changes in the earth realm we have ever known. You might as well get ready for the ride ahead. Enjoy it. Enjoy watching it once you hear it. Enjoy just watching the manifestation because that is the season we've entered into.

Now let's look here at Jeremiah because see God will always raise the prophets up. And in doing that it's very very important that we see the pattern that He has for us as we go into this season so we aren't confused about our future. Everybody say, we have a good future. And so we have a great future ahead. It's awesome. That's really what the whole book of Jeremiah is about.

I'm going to show you how to tear down things so you can rebuild things so you don't miss your next new season. I'm mean it's where we are. And that's why the first word God said to Jeremiah was, What do you see? He said, I see an almond bush. And He said, Okay Jeremiah what does that mean? And it meant it was time for the season to shift in Israel.

Now yesterday I just sent out a picture of the first blossoming almond bush in Israel. Along with that picture, the first highway that buckled that we got a report of was Mt. Carmel. You always watch that. Then yesterday, the bridge between Egypt and Israel actually fell apart. Now those are signs. Don't miss what is going on. It is just as great a

sign as what we are seeing in Haiti and what God is doing because that indicates rearrangement of nations. In it, it becomes very important.

Now, here's the thing you want to understand so we move into the future because remember in Jeremiah 29, God is saying you have a good future. Yah, you're going to be in captivity but you know that with God that's... The 70 year captivity Jeremiah was prophesying wasn't all that God was saying in the book of Jeremiah. Remember in Hebrew, we just entered the year 5770. That means to us, this year we start breaking out of captivity. Now hear me carefully, all 70's are linked with the concept of captivity shifting. So, right now captivity that held us in one season will start letting go of us. And I'm going to tell you by April we're accelerating past captivity. Now that's really really important. In it, I believe we're even watching a greater miracle. Miracles happen in our nation where God is indicating, I'm on the throne here. I mean one state, New Jersey, President Obama went there six times trying to shift the governorship of New Jersey. We went to Rutgers. We had 2000 gathered there including students. Made a decree that it would shift toward the Spirit of God. That....All of a sudden they voted in a pro-lifer. That is unprecedented in New Jersey. The Mafia state of our nation.

Now, I'm tell you we're watching things happen. Then you see the Massachusetts thing happen. Well, it's just not quite right yet for Minnesota to come before the forefront but that will start happening now.

So the first thing you understand that really happened comes in Jeremiah 20 where Jeremiah begins to prophecy. And I want to carry you through so we understand where we are at this year of 70. Yes, this is the end of a captivity so what we've got to start doing is prophesying us into our future. We're not to keep prophesying about captivity staying in place. You don't hear any of us in this movement doing that. You heard prophecy about how we're coming out and how we are moving. Yes, that will not be easy in days ahead but I'm tell you what, Look around now. You couldn't have had this meeting here 10 years ago. Like this. You couldn't have had the Spirit that was here. So all of a sudden God's people are saying, Wait a minute. We're ready to make a shift here. We're ready to move forward. And so Jeremiah begins to prophecy here. He prophesies about captivity but in it he continues prophesying and you get to chapter 25 and he prophesies that this captivity will last for 70 years. Captivity is timed. We are never to go beyond a time where God has determined captivity to be in place.

When Ted Kennedy died in Massachusetts, that ended a season. That's how simple that was. And you don't need to get so religious that you can't see what God is seeing in it

and then move with Him in the shift. That ended a season. That ended a season in the way that all of the agenda of that time to shift a nation was not going to progress the way that it was intended to progress. In a wrong way.

Now hear me. So Jeremiah in 25 prophesies. Here's what going to happen but at the end of this you've got to know you will make a shift.

Now here's the first thing I want to say to you. Know your prophecies. Write that down. Know the prophecies that are ruling you and ruling your bloodline and ruling your territory. Because it is those prophesies that are already working in three generations down the road. And depending on how you bring them into manifestation, now, determines what two generations will start operating in. So see, it becomes very important first of all that you know your prophecies.

Now look with me to Daniel 9. because what happened is at the end of 70 years, Daniel uncovers this prophecy. See, that's how simple it is. Right now what I want to say to you. There are things that have been said through the history of Minnesota, through the history of Minnesota through the Lutheran Reformation in Minnesota that all of a sudden NOW, God is going to start manifesting. See that is in every state of this nation but you have reformation in your DNA. See that's the difference with Minnesota. Minnesota has reformation in its DNA, therefore, yah, you've got, I mean you were very unusual from heaven, but you've got enough that we can get into. You see what I'm saying to you. It's really awesome. And you've done enough to keep that open up here. And so now, once you know those prophecies, Daniel uncovers those prophecies and he realizes it's time.

Second thing I want to say to you. Know timing. I've got 2 or 3 books back there on timing. Understand timing. We've got to do that now to make the next push that we're being led into. It's not just because Cindy wants to take a prayer movement and a reformation movement and say, Oh let's change a nation. No, it's a push. We've got to make the shift now. We've got to work now to see this.

So you know your timing. It says here Daniel in the first year of Darius's reign. Now hear me. It doesn't matter about who really is the president of the United States. In the first year of that reign, I started uncovering where we're headed. Now I have to be real honest. That's what God showed me in 2007 starting after the first year of President Obama's reign, and those who know me know this, and yet, I refused to be very vocal about it because we didn't want to.....

It's like when a person needs healing. You don't just start telling them, well that disease kills everybody. You don't do that. You keep praying for their healing. You don't

discourage any type of prayer. But here's the timing God gave me. He said after the first year of his reign, things will start changing. By the third year of his reign, God didn't show me beyond his third year with us. Now I don't know what that's about and I don't ask to many questions cause I... there's certain things you don't want to know. Unless God really wants to show them to you. But let me say this. Today it all starts changing. Today is the salvation of this nation. And today we are in Minnesota. Therefore you have a greater role than all of us sitting in this room fully understands. The role in Minnesota beginning today is unbelievable because when you see something like that in scripture it was timed perfectly. And God uncovered it for Daniel to see what Jeremiah had prophesied. Then he went into intercession. Now that's the call this year is how do we get in the type of intercession that we need to reconcile heaven and earth. Not just reconciling with each other. Now I'm not.... Like Cindy said, we have reconciled a lot with each other. You know blacks and whites and natives. We've done so much in that area and we will do more.

This year is reconciling heaven and earth. There's some things heaven has a problem with that it wants reconciled going into this year. Once Daniel did that, then, notice what happened. A whole new level of prophecy fell on him. Same way it's going to happen here. And you say, well but we have all the prophecy we're supposed to have. It says here at the end of this, We do have it by you don't even find.... You can decode America in this Bible. But you have to understand Jesus is the same yesterday, today and forever. What He's going to do is take this word and bring it into an aliveness so we can interpret it today. And we're going to know. And you have to say that in a secession society like Minnesota became where you are cutting ties with. That's one of the key reconciliations up here. You're cutting ties with ways you've watered down the power of His Spirit. So He renews a spiritual move through you here. And you're moving in an incredible way.

Now once Daniel began to pray this, God began to bring him into great spiritual warfare. Now write that down. That's your next point. Remember, the principality controlling their future got knocked out of heaven. It was blocking him from gaining the revelation he needed to birth the movement for the future. Well the same thing is going to happen and we're here in Minnesota and there is a principality. Now I will say this.

For the first time in over four years, and Cindy and Mike now this, a principality visited me before Colorado Springs took its shift. The night before. And we went in to war with each other and even the assistant that I had with me, Aaron Smith, recognized the spiritual entity in our room in this place. That demon spoke to me and said, if you continue to attempt to expose me, I will kill you before you get to the church. I got up the next

morning and Aaron and I were together and I said we're going to have to really watch it. And he said, I feel such an anxiety in all this. The last half of Pam's book in on anxiety. I wrote all of that. And I've got real insight in on it. I mean big time. But we were headed to church for me to speak that morning in Colorado Springs and Aaron. The Spirit of God told him to stop a car length before he got to an intersection. At that point, a car came traveling through the air and landed on the car next to us. We went right on in after we called 911 and everything was coming. We went right on in to the church. I ran up on the pulpit and exposed that spirit. Now, I'm sharing that for a reason. Because it wasn't until two Sundays ago, I was visited again. And this spirit that rules us in the body of Christ. The Lord said He is going to deliver us of it going into this season. I haven't been bold enough just to share in detail what it all looks like. I shared some in Michigan what it looked like. We are about to be delivered. This spirit is linked with us. This spirit... We are going to get delivered of. And when that happens, you get ready. We are going to be so on fire and so filled with faith because you're going to say that's what was influencing me, keeping me from advancing. Let me end by saying this, that's what happened here. Daniel broke a power that was holding them from getting the revelation they needed for the future. Write that down. The revelation we need for the future is already on the way.

Now two more things. When that intercession was complete not only did he give, did God give Daniel revelation for the future, because He said, Here's the revelation. Now seal this up until a time that I will show you. Not only did he get revelation of the future of how to advance, all of a sudden the government shifted toward God's people. There will be a brief moment and we're in that battle right now after this year. You will see the government start making it's shift toward us. Where we have an opportunity to advance more quickly. God will position right people in government on our behalf, on the Kingdom behalf. Now hear me. You don't have to talk about it spiritually. It will be so spiritual this shift that occurs in the spirit realm. What you're going to see. And it's not going to be linked just with party. It's going to be linked with people that all of a sudden He's coming down activating their spirit and they start influencing for the Kingdom. Just like He did Cyrus. Hillary. Just like Cindy.

And I'm going to tell you, we cannot judge the government structure the way we have judged in the past because what God is going to start doing is shifting favor toward His Kingdom from government. We have the pattern right here. So we are just going to have to watch it and listen to it and hear it carefully. See, I saw a demon behind our president and draped on him and he was wearing it. And I communicated that. Because I

pray for our president, God tells me to, I pray daily for him. And I said to.... that demon is going to so ensnare him that after his first year, he's going to start.... his favor is going to start going down. I wrote that. I didn't want that to happen to him. I mean I can pray for him just as well as I can pray for anybody. I don't care what party they're in. Because God is bigger. But in the midst of it, that philosophy of that party, he began to wear it. Where he should have said, the minute he took his oath, I'm cutting ties with that. He had the authority to cut ties with it. He had the authority to set a new agenda for the Lord. Now hear what I'm saying. Ultimately, we all report into One. He has great authority even now to make a shift if he wants to make a shift if we pray for him.

But what he did, he put on the mantle of the last season and tried to push it through for all of us to wear it. It ain't going to work people. Cause some of us aren't going to put it on. Now if he wants to take it off, repent and put on what God is saying, well he's just as good as anybody else to represent us. But I'm telling you, that's the attitude God's bringing here. Cyrus put on the mantle for the future for God's covenant. And he was an ungodly man. Ended up getting his head cut off in Kazakhstan. I went to the place where he got his head cut off. Now hear what I'm saying to you. God is, all of a sudden, taking control of this thing. He's moving us into position. We're becoming a new troop. A new identity.

And finally, the last thing I want to say is. All of a sudden they got positioned to build their future and they started prophesying into the next season. Ezra, Nehemiah.

That's where we are as a nation.

Now let me just give us a caution. The warfare got intense and they, instead of accelerating during that time, backed up. I say right now in the name of Jesus, once we get moving past this year we will not back up. We cannot back up. The next 8 years until we have passed a mantle into a generation that will carry on the move of the Spirit in this nation. Minnesota, you are key. You are the dividing force of a nation.

Now, I've never said that to another state in this nation. You are the dividing force. How that plays out in days ahead will be exciting for all of us to watch. And I want to thank God for today that you are here saying, We are excited about moving with the Lord. We're excited about watching the harvest. We're excited about getting into a reformation movement. We're excited not just to pray but to take some action and advance. That's the shift we've been in.

Paul Anderson

We need to respond to this and I'd like you to put your hand on the person next to you. Just put it on their shoulder. I want to pray for the Holy Spirit. Are you stirred in your heart? Really stirred? I'm really sober. In order for this to happen, we really need the power of the Holy Spirit. We need to walk in the power of the Holy Spirit. Not in our own power. I know that they would say the same thing. Reason I'm asking you to put your hand on the person next to you is for some reason, God often manifests His presence through touch. Through human touch. We want to get spiritual and God gets physical with us. And he brings gifts of the Spirit through touch through hands. He brings His anointing through people touching people. So I'm going to pray for the Holy Spirit to really move in our midst and that what we are hearing, what we have heard in our own hearts, what we heard today. What we will be hearing in the days ahead would truly be manifested. The zeal of the Lord of Hosts will perform this. It is not what we hear and say okay, I'm going to do this. It's the zeal of the Lord, not by might nor by power but by My Spirit says the Lord. So come Holy Spirit. Come. Come among us. Come like a mighty wind. Blow through this place. Blow through our lives. Blow away those things that don't belong. Come Come, water, Spirit of God, be poured out and refresh us. Cleanse those attitudes in us that are not right. Come with living water. Give us a drink. Come Holy Spirit. Oil of God. Come and refresh. Come and heal. Come and equip us with anointing oil. Come fire of God. Fire us. Come fire. Heavenly fire. We don't want any strange fire. We don't want the fire of our enthusiasm. We don't need that kind of fire. We need the fire that comes from the altar of God. Come and burn in our hearts with a holy zeal. Jesus said that the zeal for My house has consumed me. Let us be consumed. You are an all consuming fire, oh Lord God. Consume in our hearts with that fire. Come close. Wait until you become clothed with power from on high. We would clothe ourselves today. We wouldn't put on the clothes of the flesh. We would clothe ourselves with the Holy Spirit.

Tongues message.

And the priesthood of God is rising. Those people that stand and protect the holiness of God. That protect the presence of God. The priesthood is rising. On God, let it come. Let us contend for Your glory in this time.

Chuck Pierce

Let me interpret that tongue that Paul just gave.

And the Lord would say to you, I have a rope that's been hidden in this area. And I say, it's a rope that's still linked with the exploration that I'm calling this people

to. I say, you will begin to uncover this rope and it will begin to be a rope of hope for the people of Minnesota and for a nation that now will enter into a new adventure, saith the Lord. I say to you, this rope of hope will be like a firing gun that begins to take out that which would stop the progress of this nation. I say to you, get ready for it will be uncovered in Minnesota what was hidden even from the explorers time.

Cindy Jacobs

Now listen, that word. My husband is a direct descendant of Radisson. You heard of the French Canadian explorer in history. I feel like you need to pray, Mike, that that will happen. Come on, it's in your bloodline. He just discovered this recently.

Mike Jacobs

Father, I'm asking right now that the pioneer explorer spirit. That spirit that was not satisfied with what had been discovered already. That spirit that was willing to leave the past and venture into new uncharted territories. Lord, I'm praying that that spirit will be upon each and everyone here in this room. And those in Minnesota because Father, this is what You're calling this state to be. And Father for the rest of the states of the United States, Lord. We are relying upon the people of the state of Minnesota to be the first to put on that seer anointing and step into these new things, to see the new things and show others how to walk in them and how to awaken to what is new and to see and seize the opportunities that you are laying at our feet today, in Jesus name.

Cindy Jacobs

I want to say one other thing before we give this back to Karen. I know what just happened when you prayed that, Paul. I didn't know if I was going to say this publically but you've got a mantle and I want you to realize what happened and what mantle you got. Boy, I can feel it. Wow.

Before the last election, Chuck and Mike and I were in DC with Dutch Sheets and Lou Engle and some others. It was a time... We have tapes of this where I prophesied, I'm going to wash Washington and Chuck got up and prophesied and it's going to flood. People don't want him to come because you know the roads buckle, the churches flood. No, I prophesied earthquakes in unusual places too.

I began to prophecy that if in the next election the Democrats shifted more left and the Republicans shifted more moderate, the Lord says, I will raise up a third party. It will be a righteous party and the Lord says, I have enough votes. And Monday at that abortion clinic, the Rev. Sam Rodriguez, who is the head of like the Spanish National Association of Evangelism, 25,000 Spanish speaking churches in America. He stood up and he began to decree. And he said, Let it be known, we are not for the donkey. We are not for the elephant, but we are for the Lamb. And anyone who is for the Lamb, that is who we will follow. And I want to tell you and I want you to hear what Chuck said because if you get involved in that political spirit, you see this, now I'm going to tell you. If your allegiance is to a party over than God's world view, you're going to get in big trouble.

Now, I'm not saying, platforms in parties are important but and I want to say something but this is Cindy Jacobs okay. The point is, you have to listen to the Lord. You can't just go with what the status quo is. God may tell you to do that. God may tell you to go with whatever party affiliation. But you have to hear the Lord. The Lord gave me a word and we issued it from the Council of Prophets. There will be a third party arise. And it will be like a populist party. Scott Brown was a populist candidate. You know what that means? Speaks a popular message. Sarah Palin is populist. And there are others that will come that way. And so the Holy Spirit is going to raise up something new. It isn't formed yet. So heed the Lord. I know there are some other people running for office here. Just listen to the Lord and be where you're supposed to be. But don't have your allegiance because of a party. Because in order to see God move and the power of the cross manifest, you have to have that vertical part of the cross which is righteousness and the horizontal part of the cross which is justice. And neither party manifest that. You see, one is more justice oriented and one's more righteousness. You have to have the two together. So something is going to happen. I don't know what it is but there is a shift that is happening.

I was sitting with a major political consultant, Mike and I were, in fact he has been a political consultant to five presidents and we were in Oklahoma in a Dairy Queen of all places. I was telling them and first people were just laughing at me when I gave this, you know 2 1/2 to 3 years ago, people were just saying it will never happen. But we were sitting in this Dairy Queen and I was telling these leaders about this. It was Rick Joyner, Mike and I and this guy Mark Nettow (not sure about spelling of this name). So we got a call from a Major General. General Jerry Boykin, he was the general for the Blackhawk Dome. So I'm not saying he was prophesying this but the point is, we got a call and he was saying. What about a third party? The Holy Spirit fell on me on my shoulders, and it almost knocked me

off that bench. I can feel it right now. I mean, I feel, I don't know how to explain it to you, I can just feel the power of God somehow. When Chuck had that prayer, I'm sorry, when Paul brought that up, there's an apostolic leader in Minnesota, the Lord said, *You now got the governmental mantle to shift the nation.* That's what just happened. It's the rod of Levi. It's the rod that budded. Of the increase of His government and peace there will be no end upon the throne of David and over His Kingdom. Why? to order and establish it with righteousness and justice from that time forward even forever, the zeal of the Lord of Hosts will perform this. So I mean it was exactly, what happened. Right now. And I don't know if you're on a list, Karen, see if they all have your list but this is a word of the Lord I gave at our Women of Leadership conference, the Deborah Company about Arizona and it said. *that you are to call to prepare the way of the Lord that Minnesota is the hinge state. A hinge of history. And this hinge of history at a strategic moment is a door of opportunity that releases the destiny of God for a generation. This strategic moment causes an awakening to purpose and an awakening to destiny for whole cities, states and nations. And it says, this is a great responsibility to be a hinge of history. It bears the weight for the opening. You see this. And then the Lord goes on to say, I'm going to thrust you as the eye of the body of Christ says the Lord. I have given you a seer anointing to peer into the future.*

Now I did not know according to the symbol for this year on the Hebraic calendar, it was the year to see.

And then another thing, You know about the Red Rock Revival? Most of you know. We're redigging the wells of revival. In the Red Rock Revival there was an African American evangelist named Amanda Smith. Anybody heard of this Amanda Smith? Okay. Amanda Smith was an ex-slave and she preached the gospel around the world. I wrote about her in my book, Women of Destiny, and she was part of the Methodist revival which took place 1837 – 1850. She was born in Maryland, she previously worked as a scrub woman. She preached all over the world, was part of the Holiness Movement, her own denomination would not ordain her. She preached in 1874 in the Red Rock Revival and *the Lord said, Minnesota you're anointed to break the spirit of racism over America.*

You and then was the decree. You are called to break the gender barrier. You're called to break the race barrier. You're called to tip the scales of government. You are called to a great awakening to wake up the nation.

So Hallelujah. Now we have come to St. Paul and this was by my request that we are right in the St. Paul area. Because as our prayer network has studied, St. Paul is the pagan capital of the world. How many of you knew this is called Paganistan? And the people that

are here are paganistani's. And so we understand. There are several things we have been doing, that as we have prayed over the nation. Turn off the camera please.

Karen Krueger

We have only just begun. This was the opening. It was a full meal deal and I want to tell you, we're ready to listen up for this weekend. See what God is saying to us. That's why I asked you to start taking notes. We need all of you because we are getting marching orders here. We're ready to go. One of the things I'd like to do is to recognize that Rabbi Ed Rothman is here with us today. I know that you weren't expecting this but I would like to ask you if you close us in prayer. As Rabbi Rothman is coming up here, I want to announce a few closing things so that when you are released from here, you know what's going on. Those that have been contacted for prayer ministry are meeting over here with John and Melanie Leehy. So I want you to please do that. Just a brief touch base please.

Those that are here tonight we are opening the conference with our Native American leader that are here. Praying for our legislators that are here. Shofar opening to open the heavens and awaken Minnesota. You don't want to miss that so you might want to get here a little early. Firestarters should be up and going by a quarter to 7.

This meeting, most of it has been recorded, and the whole conference will be recorded. Jim Otts will have his tables out in the side of the narthex and be sure to order your copies early. You will want to bring this home to your area. So many of you are here just representing a large portion of the state only a handful of people. You want to bring these back and gather together and hear the word.

Rabbi Ed Rothman

Another thing about Minnesota is that during the Second World War, and the Holocaust, the Twin Cities was one of the centers of anti-Semitism in the United States. So that's something we need to deal with as well.

Chuck Pierce

Now hear what Rabbi is saying because that's, when I show you tonight, that's the first issue that you have to reconcile between heaven and earth before you move into the other issues.

Rabbi Ed Rothman

Excellent. Thank you. Hallelujah. Oh Holy God of Abraham, Isaac and Jacob. Thank you for this conference. Thank you for these precious saints who've gathered to seek Your face, to hear Your voice and to follow Your orders, Your commandments, to take this nation for Your Kingdom and for Your Messiah. Oh God, we thank you that You are going to overwhelm the forces of darkness in America. And You're going to turn us back and we will fulfill our destiny. Oh God, we will not miss this moment, but we will hear the cry of the heart of our Father. Oh Hallelujah. We will respond to the prompting of the Holy Spirit and we will move with the boldness of the Lion of the Tribe of Judah. Oh thank you, Lord. Blessed be the name of the Lord. Hallelujah! The party of the lamb and the lion. Hallelujah! Thank you, Jesus. Thank you, Jesus.

Hebrew blessing.

The Lord bless you and keep you and make His face to shine upon you and be gracious unto you. The Lord lift up His countenance upon you, that is to smile on you, and always have His face looking towards you. And may He give you His perfect peace which passes all human understanding and makes you complete and entire, lacking nothing. In the name of the King of kings and Lord of lords, our most high God, the Lord Jesus, the Messiah. Amen.
